

“  
It's an incredible feeling to be able to reach out  
and help people on the other side of the world  
in what is quite possibly the worst moment of  
their lives. That's why I support ShelterBox.

*Pam Furnish, ShelterBox Volunteer*

## WHAT YOU CAN DO

### DONATE

Every donation makes a difference. We are committed to providing shelter for as many people as possible by making every penny count.

### VOLUNTEER

Every volunteer is instrumental in providing shelter to people after disaster, so whatever skills, knowledge or spare time you have, you can play a vital part in this process. All we need is your passion.

### BECOME A CLUB CHAMPION

A Club Champion is someone who shares our passion for ensuring that no one is without shelter after disaster and will share that message within their Club.

### FUNDRISE

Whether you're into marathon running, making cakes or throwing dinner parties, you can transform a fun event with your friends and family into vital funds for ShelterBox.

### JOIN AN EVENT

Grab your friends, family and colleagues, and get involved in a ShelterBox event. Connect with us at a range of challenge events, marketplaces, and community festivals.

### PARTNERSHIPS

Our partners enable us to go the extra mile and reach more people that desperately need our support. Link your company with us, and meet your business objectives whilst sheltering families.

## WHAT YOUR SUPPORT COULD PROVIDE

### SHELTERBOX

Our sturdy green ShelterBoxes are designed to help people who have lost everything. They are filled with practical tools that create the framework for everyday life.

### FAMILY TENT

Our tents provide people with a safe place to call home, where they can sleep, live, and begin their long journey to recovery.

### SHELTER KIT

Our customised ShelterKits are packed full of tools and heavy-duty materials to help victims repair their homes and start to recover immediately after disaster.

### BLANKETS

Our thermal blankets not only provide families with vital warmth, but also comfort, when recovering from disaster.

### WATER FILTERS

After disaster, it can be hard to access safe drinking water. Our filters make this one less thing for families to worry about.

### SOLAR LIGHTS

These inflatable solar-powered lights illuminate dark paths and help create safe environments where people can pick up their daily routines.

## Disaster relief

“  
*We test and evaluate all of the aid that we provide by learning from the families who use it, fueling us to be innovative and constantly evolving.*

## WHO WE ARE

ShelterBox is made up of people who believe in shelter as a human right. Our work keeps people and communities together during a time of unprecedented global conflict and displacement.

## OUR MISSION

When people are plunged into crisis, normality is suspended. But good, quality shelter can cut through the chaos. This is why we provide aid to families devastated by disaster—to give them safe shelter and the tools to rebuild their homes, their communities and their lives.

## OUR PLEDGE

We are impatient to see a world where no one is left without shelter after disaster. This drives us to transform the support of our donors, fundraisers and volunteers into the hope and power of families all over the world.

## WHAT WE DO

We provide emergency shelter and tools for people robbed of their homes by conflict and weather-related disaster. We don't believe that one size fits all, so we work hard to understand the impact of each emergency. The equipment we provide, whatever shape it takes, enables people to transform their own lives.

## OUR PROJECT PARTNER

We are proud to be project partners with Rotary International. Rotarians across the world support us in a variety of ways, from raising awareness to providing support on the ground during our response to a disaster. By working together, we can maximise our impact and reach more communities in desperate need of shelter.

## YOUR IMPACT

Diane and baby Yokimi lost their home and all of their possessions when Cyclone Winston struck Fiji in 2016. Our ShelterBox teams were able to provide Diane and her family with a ShelterBox. For Diane and her family, a ShelterBox means relief. A donation to ShelterBox doesn't just provide a family like Diane's with shelter, but the means to rebuild their lives after a disaster.

“  
*I'm so happy to have a tent—to have a safe place of our own to sleep.*

We are impatient to see a world where no family is left without shelter. **Are you?**

## GOING THAT EXTRA MILE

### DISASTER STRIKES

We immediately contact our partners on the ground to establish the scale of the disaster and **how we can help.**

### A CUSTOMISED SOLUTION

The aid we provide comes in the form of ShelterBoxes and ShelterKits, which are customised based on our assessments of **what people need most.**

### DELIVERY

**We go to the ends of the earth** to deliver the essentials people need to begin rebuilding their lives in the aftermath of disaster.

### COMMUNITY RECOVERY

We don't just give people what they need to survive, we give them the tools to self-recover—to **keep people and communities together.**
